

# WHO WE ARE & WHAT WE DO

Child's Destiny Of Hope is a Christian organization, founded by Tim and Wilma Omalla in 2006. Our principles are based on the love of God and the love for people. Our love for God is what leads us to a love for the desperate and hopeless. In this case, they are the 3.4 million children in Uganda who are orphaned or abandoned due to war, poverty, aids and other illnesses, and have no place to go.

## WHAT YOU CAN DO TO SUPPORT US

To achieve our Vision, we need your support. Consider supporting us through:

1. Prayer: We acknowledge that we can do nothing without the help of our God, and the support of your prayers. Consider praying for us on a regular basis, alone or with your family. We will send you email updates of current prayer requests.
2. Volunteer work: In time, as the project in Uganda is taking shape, there will be opportunities for volunteers to come and help, for instance with building and maintenance work, or to help with the children. You could consider coming over for a short or long term, alone or with a group. You are welcome!
3. Monetary contributions: There are many ways you can contribute financially. Please consider pledging a regular monetary gift.

Use the attached pledge card to let us know your intent, whether it's prayer, volunteer work or monetary contribution. All are greatly appreciated!

### OUR VISION:

'Help the destitute, less privileged, poor or orphaned young by setting up a home, school and activity center where individual talents are discovered, encouraged and stimulated... trying to give them HOPE for the future. With this, we hope to share with them the Love of God that has touched and changed us too'.

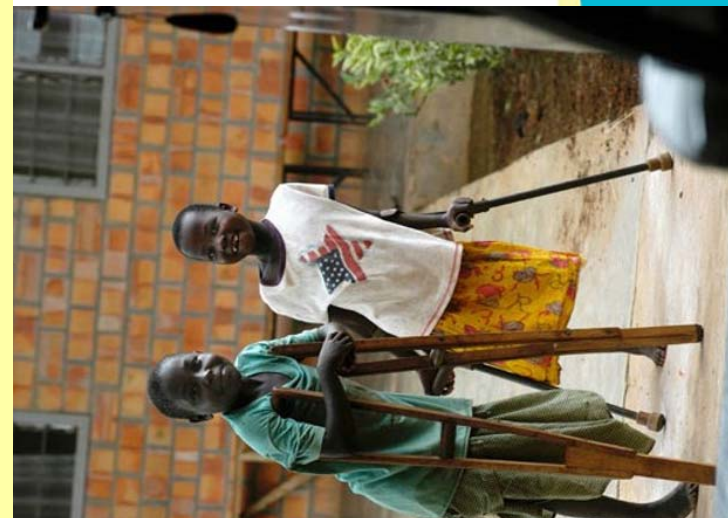

In the summer of 2007, CDHope intends to send out Tim and Wilma Omalla, and their twin boys Jaimie and Eugene, to Uganda. Both Tim and Wilma are experienced in this work, as they have served before in a similar project. For years their hearts burned with a longing to go back to Uganda and make a difference in the lives of these children, and finally this is becoming a reality.
