

Tim and Wilma

would like you to pray:

- * that God will help us in the preparations for going to Uganda coming summer
- * that our house will be sold in the right time and to the right buyer
- * for a smooth transition as we settle in Uganda - finding a house, the boys starting new school etc
- * for God to direct us as we start the project, to meet the right people and know the right place to start off
- * for acclimatization and good health, especially against tropical diseases
